AN ACT

To amend the Railroad Retirement Acts, the Railroad Unemployment Insurance Act, and subchapter B of chapter 9 of the Internal Revenue Code; and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

DIVISION I

SECTION 1. Section 1 (c) of the Railroad Retirement Act of 1937, section 1 (e) of the Railroad Unemployment Insurance Act, and section 1532 (d) of the Internal Revenue Code are each amended as follows: After the word "if" where it first appears therein insert "(i)" and for the phrase "which services he renders for compensation" substitute the following: "or he is rendering professional or technical services and is integrated into the staff of the employer, or he is rendering, on the property used in the employer's operations, other personal services the rendition of which is integrated into the employer's operations, and (ii) he renders such service for compensation"; and for the purpose of continuing the amendment of the Railroad Retirement Act of 1937, only, add after the word "compensation" the following: ", or a method of computing the monthly compensation for such service is provided in section 3 (c)". Said subsections are further amended by inserting at the end of the first proviso the following: ", and if the application of such mileage formula, or such other formula as the Board may prescribe, would result in the compensation of the individual being less than 10 per centum of his remuneration for such service no part of such remuneration shall be regarded as compensation".

SEC. 2. Section 1 (h) of the Railroad Retirement Act of 1937 is amended by substituting for the words "earned by" the words "paid to", and section 1 (i) of the Railroad Unemployment Insurance Act is amended by substituting for the word "payable" the word "paid"; and by inserting at the end of said section 1 (h) of the Railroad Retirement Act of 1937 and at the end of said section 1 (i) of the Railroad Unemployment Insurance Act, the following: "A payment made by an employer to an individual through the employer's pay roll shall be presumed, in the absence of evidence to the contrary, to be compensation for service rendered by such individual as an employee of the employer in the period with respect to which the payment is made. An employee shall be deemed to be paid, 'for time lost' the amount he is paid by an employer with respect to an identifiable period of absence from the active service of the employer, including absence on account of personal injury, and the amount he is paid by the employer for loss of earnings resulting from his displacement to a less remunerative position or occupation. If a payment is made by an employer with respect to a personal injury and includes pay for time lost, the total payment shall be deemed to be paid for time lost unless, at the time of payment, a part of such payment is specifically apportioned to factors other than time lost, in which event only such part of the payment as is not so apportioned shall be deemed to be paid for time lost. Compensation earned in any calendar month before 1947 shall be deemed paid in such month regardless of whether or when payment will have been in fact made, and compensation earned in any calendar year after 1946 but paid after the end of such calendar year shall be deemed to be compensation paid in the calendar year in which it will have been earned if it is so reported by the employer before February 1 of the next succeeding calendar year or, if the employee

An individual shall be deemed to have been in the employment relation to a carrier on August 29, 1935, if (i) he was on that date on leave of absence from his employment, expressly granted to him by the carrier by whom he was employed, or by a duly authorized representative of such carrier, and the grant of such leave of absence will have been established to the satisfaction of the Railroad Retirement Board before July 1947; or (ii) he was in the service of a carrier after August 29, 1935, and before January 1946 in each of six calendar months, whether or not consecutive; or (iii) before August 29, 1935, he did not retire and was not retired or discharged from the service of the last carrier by whom he was employed or its corporate or operating successor, but (A) solely by reason of his physical or mental disability he ceased before August 29, 1935, to be in the service of such carrier and thereafter remained continuously disabled until he attained age sixty-five or until August 1945, or (B) solely for such

If a payment is made by an employer with respect to a personal injury and includes pay for time lost, the total payment shall be deemed to be paid for time lost unless, at the time of payment, a part of such payment is specifically apportioned to factors other than time lost, in which event only such part of the payment as is not so apportioned shall be deemed to be paid for time lost."

For the purposes of section 5 only, an individual shall be deemed also to have a 'current connection with the railroad industry' if he is in all other respects completely insured but would not be fully insured under the

Social Security Act, or if he is in all other respects partially insured but would be neither fully nor currently insured under the Social Security Act, or if he has no wage quarters of coverage."

SEC. 204. A new subsection is added to section 1 as follows:

"(p) The terms 'quarter' and 'calendar quarter' shall mean a period of three calendar months ending on March 31, June 30, September 30, or December 31."

SEC. 205. Section 2 (a) is amended by substituting for all that portion of the subsection after the first numbered paragraph the following:

"2. Women who will have attained the age of sixty and will have completed thirty years of service.

"3. Individuals who will have attained the age of sixty and will have completed thirty years of service, but the annuity of such an individual shall be reduced by one one-hundred-and-eightieth for each calendar month that he is under age sixty-five when his annuity begins to accrue.

"4. Individuals having a current connection with the railroad industry, and whose permanent physical or mental condition is such as to be disabling for work in their regular occupation, and who (i) will have completed twenty years of service or (ii) will have attained the age of sixty. The Board, with the cooperation of employers and employees, shall secure the establishment of standards determining the physical and mental conditions which permanently disqualify employees for work in the several occupations in the railroad industry, and the Board, employers, and employees shall cooperate in the promotion of the greatest practicable degree of uniformity in the standards applied by the several employers. An individual's condition shall be deemed to be disabling for work in his regular occupation if he will have been disqualified by his employer because of disability for service in his regular occupation in accordance with the applicable standards so established; if the employee will not have been so disqualified by his employer, the Board shall determine whether his condition is disabling for work in his regular occupation in accordance with the standards generally established; and, if the employee's regular occupation is not one with respect to which standards will have been established, the standards relating to a reasonably comparable occupation shall be used. If there is no such comparable occupation, the Board shall determine whether the employee's condition is disabling for work in his regular occupation by determining whether under the practices generally prevailing in industries in which such occupation exists such condition is a permanent disqualification for work in such occupation. For the purposes of this section, an employee's 'regular occupation' shall be deemed to be the occupation in which he will have been engaged in more calendar months than the calendar months in which he will have been engaged in any other occupation during the last preceding five calendar years, whether or not consecutive, in each of which years he will have earned wages or salary, except that, if an employee establishes that during the last fifteen consecutive calendar years he will have been engaged in another occupation in one-half or more of all the months in which he will have earned wages or salary, he may claim such other occupation as his regular occupation; or

"5. Individuals whose permanent physical or mental condition is such that they are unable to engage in any regular employment and who (i) have completed ten years of service, or (ii) have attained the age of sixty.

In computing the monthly compensation, no part of any month's compensation in excess of \$300 shall be recognized."

SEC. 210. Section 3 (e) is amended to read as follows:

"(e) In the case of an individual having a current connection with the railroad industry and not less than five years of service, the minimum annuity payable shall, before any reduction pursuant to subsection 2 (a) (3), be whichever of the following is the least: (1) \$3 multiplied by the number of his years of service; or (2) \$50; or (3) his monthly compensation."

SEC. 211. Section 3 (f) is amended to read as follows:

"Annuity payments which will have become due an individual but will not yet have been paid at death shall be paid to the same individual or individuals who, in the event that a lump sum will have become payable pursuant to section 5 hereof upon such death, would be entitled to receive such lump sum, in the same manner as, and subject to the same limitations under which, such lump sum would be paid, except that, as determined by the Board, first, brothers and sisters of the deceased, and if there are none such, then grandchildren of the deceased, if living on the date of the determination, shall be entitled to receive payment prior to any payment being made for reimbursement of burial expenses. If there be no individual to whom payment can thus be made, such annuity payments shall escheat to the credit of the Railroad Retirement Account."

been determined by the Board, and who will have been living on the date of such determination: to the widow or widower of the deceased; or, if no such widow or widower be then living, to any child or children of the deceased and to any other person or persons who, under the intestacy law of the State where the deceased will have been domiciled, will have been entitled to share as distributees with such children of the deceased, in such proportions as is provided by such law; or, if no widow or widower and no such child and no such other person be then living, to the parent or parents of the deceased, in equal shares. A person who is entitled to share as distributee with an above-named relative of the deceased shall not be precluded from receiving a payment under this subsection by reason of the fact that no such named relative will have survived the deceased or of the fact that no such named relative of the deceased will have been living on the date of such determination. If none of the persons described in this subsection be living on the date of such determination, such amount shall be paid to any person or persons, equitably entitled thereto, to the extent and in the proportions that he or they shall have paid the expenses of burial of the deceased. If a lump sum would be payable to a widow, child, or parent under this subsection except for the fact that a survivor will have been entitled to receive an annuity for the month in which the employee will have died, but within one year after the employee's death there will not have accrued to survivors of the employee, by reason of his death annuities which, after all deductions pursuant to paragraph (1) of subsection (i) will have been made, are equal to such lump sum, a payment to any then surviving widow, children, or parents shall nevertheless be made under this subsection equal to the amount by which such lump sum exceeds such annuities so accrued after such deductions. No payment shall be made to any person under this subsection, unless application therefor shall have been filed, by or on behalf of any such person (whether or not legally competent), prior to the expiration of two years after the date of death of the deceased employee, except that if the deceased employee is a person to whom section 2 of the Act of March 7, 1942 (56 Stat. 143, 144), is applicable such two years shall run from the date on which the deceased employee, pursuant to said Act, is determined to be dead, and for all other purposes of this section such employee, so long as it does not appear that he is in fact alive, shall be deemed to have died on the date determined pursuant to said Act to be the date or presumptive date of death.

“(g) CORRELATION OF PAYMENTS.—(1) An individual, entitled on applying therefor to receive for a month before January 1, 1947, an insurance benefit under the Social Security Act on the basis of an employee's wages, which benefit is greater in amount than would be an annuity for such individual under this section with respect to the death of such employee, shall not be entitled to such annuity. An individual, entitled on applying therefor to any annuity or lump sum under this section with respect to the death of an employee, shall not be entitled to a lump-sum death payment or, for a month beginning on or after January 1, 1947, to any insurance benefits under the Social Security Act on the basis of the wages of the same employee.

“(2) A widow or child, otherwise entitled to an annuity under this section, shall be entitled only to that part of such annuity for a month which exceeds the total of any retirement annuity, and insurance benefit under the Social Security Act to which such widow or child would be entitled for such month on proper application

therefor. A parent, otherwise entitled to an annuity under this section, shall be entitled only to that part of such annuity for a month which exceeds the total of any other annuity under this section, retirement annuity, and insurance benefit under the Social Security Act to which such parent would be entitled for such month on proper application therefor.

Parent.

“(h) **MAXIMUM AND MINIMUM ANNUITY TOTALS.**—Whenever according to the provisions of this section as to annuities, payable for a month with respect to the death of an employee, the total of annuities is more than \$20 and exceeds either (a) \$120, or (b) an amount equal to twice such employee's basic amount, or with respect to employees other than those who will have been completely insured solely by virtue of subsection (1) (7) (iii), such total exceeds (c) an amount equal to 80 per centum of his average monthly remuneration, whichever of such amounts is least, such total of annuities shall, prior to any deductions under subsection (i), be reduced to such least amount or to \$20, whichever is greater. Whenever such total of annuities is less than \$10, such total shall, prior to any deductions under subsection (i), be increased to \$10.

Post, p. 734.

“(i) **DEDUCTIONS FROM ANNUITIES.**—(1) Deductions shall be made from any payments under this section to which an individual is entitled, until the total of such deductions equals such individual's annuity or annuities under this section for any month in which such individual—

“(i) will have rendered compensated service within or without the United States to an employer;

“(ii) will have rendered service for wages of not less than \$25;

“(iii) if a child under eighteen and over sixteen years of age, will have failed to attend school regularly and the Board finds that attendance will have been feasible; or

“(iv) if a widow otherwise entitled to an annuity under subsection (b) will not have had in her care a child of the deceased employee entitled to receive an annuity under subsection (c);

“(2) The total of deductions for all events described in paragraph (1) occurring in the same month shall be limited to the amount of such individual's annuity or annuities for that month. Such individual (or anyone in receipt of an annuity in his behalf) shall report to the Board the occurrence of any event described in paragraph (1).

“(3) Deductions shall also be made from any payments under this section with respect to the death of an employee until such deductions total—

Payments with respect to death of employee.

“(iii) any lump sum paid to such employee under section 204 of the Social Security Act in force prior to the date of the enactment of the Social Security Act Amendments of 1939, provided such lump sum will not previously have been deducted from any insurance benefit paid under the Social Security Act; and

“(iv) an amount equal to 1 per centum of any wages paid to such employee for services performed in 1939, and subsequent to his attaining age sixty-five, with respect to which the taxes imposed by section 1400 of the Internal Revenue Code will not have been deducted by his employer from his wages or paid by such employer, provided such amount will not previously have
